1. INTRO

EDEN

Good evening everybody, hope everyone is having a good one. I'm Eden

JAXMINE

And I'm Jaxmine, welcome back to The Student Lounge.

EDEN

How are you doing tonight?

JAXMINE

Pretty good! kinda busy today. How about you?

EDEN

I'm pretty good myself thank you! Listen, We've got a great show lined up for you tonight! We've a contest on so make sure you keep listening but first we have Model Buses by Lovejoy on ninety seven point two FM!

**MUSIC:** Model Buses by Lovejoy

2. SPOTIFY DISC.

EDEN

That was Model Buses by Lovejoy on The Student Lounge on ninety seven point two FM. Actually was my top played of the year... Speaking of top played songs of the year, how was your Spotify wrapped?

JAXMINE

I got weirdcore as one of my top genres... I think we'll leave it as that

EDEN

They had some really weird genres like 'Dream SMP?' like what counts as dream smp music?

JAXMINE

We're opening up a can of worms here

EDEN

Yeah I think it's the end of that conversation! What I wanted to actually talk about is different red flags on people Spotify wrapped because people were posting about them and now I know who to stay away from.

JAXMINE

So then what artist would you count as a red flag?

EDEN

Oh. Oh. Don't get me started on this topic. There is gonna be slander. I'm about to say some stuff.

JAXMINE

Oh no... If you have any complaints about what is about to be said, just take it to our twitter @The Student Lounge nine seven two

EDEN

If your top artist was Ed Sheeran, who hurt you? Like you have Spotify, a musical world of possibilities and you thought "hmmm Ed Sheeran" it doesn't make sense.

JAXMINE

I feel like he's the type of person you only listen to the radio and that's it

EDEN

Exactly, what's your red flag in music?

JAXMINE

this, I cannot disclose.

EDEN

Come on, I've already slandered one of the biggest singers in the world so anything is okay.

JAXMINE

It's also Ed Sheeran.

EDEN

I'm so glad someone agrees with me!  
I'm tired of everyone defending Ed  
Sheeran. Yesterday, we asked our  
listeners to send us their red flags  
in music so thank you everyone for all  
your controversial yet hilarious  
answers!

JAXMINE

@steve says things on twitter says  
"biggest red flag I saw on someones  
spotify wrapped was that bo burnham  
was their top artist"

EDEN

okay, I have a soft spot for him  
because I watched what. in middle  
school and it changed the chemicals in  
my brain BUT top artist? like, I get  
inside came out and everyone was like  
oh em gee bo but if he was your top  
artist, I will give you money for a  
therapy session.

JAXMINE

I'll be honest, top artist of the year  
is way too much. maybe hidden in the  
top 100 but not at the top

EDEN

@ uuuh emily says "my boyfriends top  
artist was Drake, is this a call for a  
breakup?" 2021, as far as I've seen,  
wasn't the best year for Drake but it  
could've been much worse

JAXMINE

I can't really comment because of my  
lack of drake lore knowledge so I  
don't know whether to agree or not

EDEN

He said he was a lesbian in one of the  
songs off of his newer album

JAXMINE

wait, what?

EDEN

yeah it was really weird, it reminded me of something someone really creepy at a party would say

JAXMINE

and finally we have @ soft fuzzy man on twitter, weird name but okay, said "biggest red flag in music? seeing Coldplay in the top 100"

EDEN

I'm not here to defend Coldplay BUT anything past 2011 era, not for me

JAXMINE

I didn't know they still made music to be honest...

EDEN

so with all of this said, who should people listen to instead? Well that question will be answered now on today's track of the day!

**IDENT:** TRACK OF THE DAY

JAXMINE

Track of the day showcases the best underground artists from the UK and its chosen by you, the listeners!

EDEN

This week's track of the day comes from British band Kero Kero Bonito. They are a London-based experimental pop trio, comprised of bilingual Anglo-Japanese singer Sarah and producers Gus and Jamie.

JAXMINE

The listeners chose the songs this time! This one from their most recent album Civilisation! This is Princess And The Clock!

3. CELEB NEWS

EDEN

Have you heard they're making a Weird  
Al documentary?

JAXMINE

Wait really?

EDEN

Yeah! They're casting the guy from  
Harry Potter to play him. Daniel  
Radcliffe I think

JAXMINE

What no way! They don't look anything  
alike!

EDEN

I know! I hope the power of special  
effects will be able to convince me a  
young weird al is on my screen

JAXMINE

Fun fact, he has his own character in  
my little pony

EDEN

Please don't tell me his name is like  
Dr Chezburger or something stupid

JAXMINE

Close. His name is cheese sandwich and  
he's canonically married to pinkie pie

EDEN

How did I not know this?

JAXMINE

Its common knowledge, Eden

EDEN

Next is our quick bite news bulletin

EDEN

That was Krystle by Machine Girl on  
The Student Lounge! Hope everyone is  
having a stupendous evening

JAXMINE

That's a fancy word!

EDEN

I used that word in a birthday card

once but the person I gave it to thought it said stupid and they got a bit upset with me. Six year old Eden was just trying to use cool words and some people didn't appreciate it.

JAXMINE

You're too kind to people and they don't deserve it.

**REPORTER**

Welcome to the evening news.

Police are to investigate the parties that happened at Downing Street during to peak of the coronavirus pandemic. This investigation came about after many people finding that members of the government and their staff who set the rules - including Prime Minister Boris Johnson - had held or attended several gatherings throughout this time. Although he wasn't at every gathering held, he's had to admit some took place, apologised if people were upset, but has also said he doesn't think he broke any rules. Members of the public now wait to see what an official investigation looking into what happened will say when it finally gets published.

One in eight pupils out of school as Covid worsens.

Figures display staffing issues worsening, with a quarter of colleges seeing teachers and leaders' absence rates above 15%. Education Secretary Nadhim Zahawi says he is giving schools what they need to keep pupils in class. He said: "As we transition from pandemic to endemic, it makes me even more determined to fight for children to be in school every day they possibly can be."

For more information on this story, go to the Barnfield Radio website or find the link on our twitter and you can find a full interview with the education secretary.

And finally, yellow armadillos at a zoo in East Sussex gained quite a bit of weight over the festive season, so their keepers have given them the New Year's resolution of getting back in shape with a new diet and exercise plan.

As a result, the plump pair are being put through their paces with a new workout routine.

"We have introduced an exercise regime with added physical enrichment activities to get them moving, and a little diet reduction to help with their new year resolution of getting a bit trimmer," Helena explained.

"Once the warmer weather kicks in, they should start being a lot more active, and this will bring their weight down too." good luck little armadillos! That's all for news, I'll be back tomorrow with you morning headlines

## 7. Q&A

EDEN

Thank you! So since this is a new show, we've decided to do a Q&A but not just any old Q&A, oh no my precious viewers, ITS A QUIRKY Q&A!

JAXMINE

let's get into the questions! If you could change one thing in the world, what would you change?

EDEN

If I could change one thing... I could go with the basic answer of world peace but I would have everyone just wear little hats? like everyone just gets 1 hat.

JAXMINE

Ohh very good. I would take away peoples hats. What would you do if you had twenty four hours to live?

EDEN

If I had twenty four hours to live I would try every flavor of Boba ever.

There's so many flavors I still need to try so I might as just do it in one sitting.

JAXMINE

I legally can't say what I'd do. Do you eat or drink soup?

EDEN

well you drink it, don't you? like you put in the spoon and then \*sipping noise\* y'know?

JAXMINE

I see. Personally I think the argument is very foolish. I think people slurp their soups.

EDEN

to each their own I guess. I'm not telling you how to drink/eat your soup. I'm up for people chewing soup.

JAXMINE

Me too I think chewing and glurping your soups is totally acceptable too.

EDEN

okay, I've got some questions for you. On the topic of soup, is cereal classed as a soup?

JAXMINE

I think so, if you want cereal to be soup, then that's fine but have you ever considered the milk could technically then be broth?

EDEN

sometimes, I wish I didn't ask for your opinion on things but yes, milk could technically be broth in the cereal soup. Next question, What sound would be the scariest if you could hear it?

JAXMINE

scariest sound? oh wow... does it have to be a real life situation or can I make it up

EDEN

Allow your imagination to run free on this one...

JAXMINE

okay.. complete silence for a couple minutes and then a swarm of bees in your ears and you can't escape them.

EDEN

oh gosh that sounds terrible, I would have to say a microwave beeping but you're in a maze and you need to find it but all you hear is beeping but also every 30 minutes the nightcore version of galway girl plays.

JAXMINE

that's way too detailed. how much have you thought about that?

EDEN

too much. And final question, worst meme ever?

JAXMINE

are you really asking me this? its Ugandan knuckles. he was dead on arrival.

EDEN

I did think that was funny for a short while and then it got so boring. I would have to say salt bae was never funny and he over charges for his food which is kinda stupid and that one logan paul forest one in 2018 was awful.

JAXMINE

I didn't even know that salt guy had a restaurant.

EDEN

Here's another question, what's coming up next on the show?

**SFX:** STATION BED

## 8. SOCIAL/MENTAL HEALTH

EDEN

that was The Only Heartbreaker! Stream Laurel Hell when it comes out, the gurlies have waited for her return and she's such a talent. Right, next up we've a talk about student mental health with our guest in the studio. kind of funny how we just played Mitski and now talking about declining mental health

JAXMINE

Its only natural. [GUEST452896], how are you feeling?

GUEST452896

Guest answers question

JAXMINE

Thats great! We're here to discuss the mental health of students and how it can effect work, home and social life. So what I really want to ask is how has college life been for you so far?

Guest answers question

JAXMINE

If things get too much, is there a strategy that you use to keep yourself calm and grounded?

Guest answers question

EDEN

If you had any mental health issues or were worried about yourself, who in college could you go to for support?

Guest answers question

EDEN

Why do you think it's so hard for people to discuss mental health?

Guest answers question

JAXMINE

Do you think mental health is taken seriously with teenagers?

Guest answers question

JAXMINE

How often do you take time out of work to look after your mental health since being a student can be quite stressful...

Guest answers question

EDEN

well, thank you so much for joining us. If anyone needs advice on mental health or someone to talk to, we recommend charities like youngmind, mind and CALM

JAXMINE

especially with the pandemic, there's been a rise in mental health issues spanning from depression to anxiety so make sure to check on your friends

EDEN

It doesn't have to be a lot, just a "hey, how are you?" can make a huge difference

JAXMINE

coming up on the student lounge we have we have our advice column so keep sending your questions but before that heres Red Vox!

Song: In The Garden by Red Vox

## 9. ADVICE COLUMN

**STATION ID:** Advice Column

EDEN

Do you hear that? Next up is our advice column, this time its focused on relationships! We have taken to our Twitter and scoured hashtag the student lounge (nine seven two) on twitter to try and help some of our listeners out and give a little bit of advice.

JAXMINE

Ah relationships.. The first question is "My auntie gave me the Christmas present I gave for her on her birthday, do I confront her?" Well dear listener, it definitely matters what the present is! I think you should give the present back if you ask me, one day she'll have to accept it whether she likes it or not

EDEN

Yeah, it really depends on the gift. If it's expensive gift, just keep it. She obviously doesn't appreciate that you are probably a wonderful person and you deserve to keep that gift. But if not, yes, keep giving her the gift and make it like a tradition almost.

JAXMINE

"So my girlfriend keeps taking me to Subway. But I don't wanna GO to Subway! Do you think we should break up?"

EDEN

Have you expressed your dislike of Subway to her? Communication is key in

any relationship really and if she is willing to listen to you and understand that maybe Subway isn't your chosen choice of sandwich establishment, I'm sure you can resolve this issue

JAXMINE

You should find out what place she hates and take her on a date there. payback.

EDEN

"My friend and I recently had an argument and I'm not sure how to apologise to her... I spilt her grandmothers ashes on the floor and when I tried to clean it up I lost them in the vacuum bag. At least I tried to clean it up but shes acting like I'm in the wrong, HELP!"

JAXMINE

I don't even know how to respond. Just buy her new ashes?

## 10. OUTRO

EDEN

What does everybody else think? We're gonna leave this question to the listeners! If you have any questions for us or answers for this sad pathetic listener then use hashtag The Student Room on Twitter or tag us at The Student Lounge nine seven two.

JAXMINE

We'll read all your answers in tomorrows show but for now, this has been student lounge on ninety seven point two fm!

EDEN

In the morning, you'll have Holly and Malachi with Wake Up and Go and we'll back on here at 5!

JAXMINE

But just before we sign off, heres Somehow by Phony People! One of my

favourite songs by them for sure

**STATION ID:** BARNFIELD RADIO

**MUSIC:** Somehow. by Phony Ppl
